PARIA AND BUCKSKIN CANYON COLLECTION

Paria and Buckskin Canyon are considered some of the longest slot canyons in the world and are considered two of the top 10 international hiking destinations. Andrew recently spent 6 days hiking while shooting and filming 47 miles of these natural wonders for ROSENSTIELS. We are pleased to present ten new dramatic images from this assignment. The location ranks as one of Andrew Geiger's top 10 in the world and that is after visiting over 50 countries. Andrew comments - 'The great thing about this area is that there are many day hikes to get you immersed and excited without having to strap on a 45lb pack! So get out there!'
