

**EMILIE RAMON** - is a graphic designer living in Paris. She works in a wide range of businesses including magazines, textile design and interior decoration. Her style is elegant, dreamlike and retro with a bohemian touch. She currently finds her inspiration in the art decorative movement, the 50's movement, the psychedelic 70's movement, and is also strongly influenced by the Mexican folklore. Her work is often mixed media and her background allows her to create original contemporary designs.
